Bonds: News & Comments

Liquidity up

Banking sector liquidity was up UAH1.26bn to UAH77.26bn yesterday as banks' correspondent accounts with the NBU up UAH2.77bn to UAH46.05bn while total CDs outstanding fell UAH1.51bn to UAH31.21bn.

Investment implications: The increase should be short-lived as month-end tax payments will put pressure on liquidity at the end of this week. The NBU refinanced UAH0.34bn of ON loans as it injected UAH0.47bn of funds via a FX auction last Friday; the MoF had no large VAT refunds through the end of last week.

Taras Kotovych, Kiev, +38044 2200120 ext.724

Auction announcement

The MoF per the previously announced schedule today offered four local currency bonds, including three of which zero-coupon bonds with maturities up to 12 months and one bond with a 3-year maturity. There will be no FX-denominated bond offerings.

Investment implications: With UAH3.68bn of debt repayments scheduled, including UAH1.79bn in principal, the main portion of these repayments should be received by the NBU as no significant market demand is expected. That being the case, interest rates should remain below 16% while that for the 3-year bond should not exceed 15.80%.

Taras Kotovych, Kiev, +38044 2200120 ext.724

Yield curve of the local bond market

(as of market close on 17 Oct 2016)
